"Give thanks in all circumstances"

Sunday Services at 9am (Including Sunday School)

The season of Thanks and Giving is upon us. In the tough times and easy, it is never a waste to offer gratitude and giving. Those two things are what bring out the greatest of blessings in our lives and they plant seeds (just wait for the spring blooms, thanks to Neighbors). Those seeds ripple and they might be a life-line to someone in need. We never know the extent of our impact, so when in doubt, give thanks and reflect on what you might give: time, a kind word, or (insert here your gift to share).

Let's give and be grateful this season. Let us work together to make this world a brighter place as we wait for the Light to Return. Feel welcome to join us for services and events. Our doors are open on Christmas Morning 9-10am, where All Are Welcome to a place of peaceful prayer (no service). We wish you all a beautiful season of light and love. Be kind to one another.

Love & Blessings, Charlotte
